Talent Attraction Management for EU Cities and Regions

Greater Copenhagen,
May 16-17

What's at stake? How can cities and regions attract and retain talent? How to create services, align multistakeholder agendas in your ecosystem? How to market? How to differentiate?

The global competition for talent is rapidly intensifying. Not only do employers need to step up efforts to attract and retain international talent, but cities, regions and countries are now entering this competition as well.

Participants will benefit from this management training programme by learning from a combination of hands-on, inspirational case and strategy presentations, interactive discussions and experience sharing with peers and experts.
