International Partner Porgram

Delivered by International House Gothenburg, the International Partner Program (IPP) is a structured career development initiative. It supports the accompanying partners of newly relocated international professionals, while helping local companies attract and retain global talent

IPP aims to:

- Support professional integration and career development.
- Unlock international skills and experience already present in the region.
- Strengthen the Gothenburg region's attractiveness to international talent.
- Contribute to long-term talent retention and regional competitiveness.

How the Program Works

The International Partner Program follows a structured approach built around four main stages: **Understand, Orient, Position and Act.**

These stages guide participants from understanding the Swedish labour market to identifying career opportunities and taking practical steps towards their professional goals. It runs twice a year, over 3 months with approx. 35 participants.

UNDERSTAND

Swedish economy, labour market and workplace culture

ORIENT

Skills, qualifications, career planning and opportunities

POSITION
